

# NEWS YOU CAN USE

## DID YOU KNOW ... ?

PARC Medical Billing Service has the ability to communicate with your healthcare practice efficiently and securely via the Internet.

We can send your monthly invoice and statements electronically.

We can also send communications such as claim confirmation reports, requests for additional information, new patient insurance verification, and miscellaneous requests and responses.

Our network software provides a link to transmit just about any information we usually exchange with you via fax in a quick, secure and paperless manner directly to the e-mail facility of your choice.

If you are interested in this communication method, please let us know and we will set up your account to take advantage of our state of the art technology.

Look for additional technology upgrades and network enhancements in the coming months.
